There is no resolution on our agenda and no vote before us so it will not be discussed at our meeting. This is not a lack of transparency but a matter of protocol.

Subject: Resolution re Israel divestiture

Dear Cambridge City Councilors,

As Jewish residents of Cambridge, we were concerned to hear about the planned consideration on Monday of a resolution to boycott Hewlett Packard because of their business with Israel. Whether such action against the current Israeli government is intended to be anti-Semitic or not, it can be perceived that way. We urge you to not adopt such a measure without a thoughtful, open process that considers all the complex and subtle aspects of this issue. We would also like to know if there is a planned discussion that we can listen to during one of your open sessions.

Thanks,
Cary Friedman & Ricardo Wellisch
